Boat Wash review:

Andy Rieth reported that 19 boats were washed mainly because of a fishing tournament. Thanked the board members that stopped by to help.

Weed Treatment:

All 10 permission slips were signed for the treatment of a new Starry Stonewort patch. We are going to apply for a grant from the state to help with the cost. The grant cycle starts Dec. 1st and the Sturgis Foundation may help us with the writing of the grant application. It was noted that we have purple loosestrife by the boat launch.

New Business:

- Upstream water testing was done by Debbie Doe and sent in.
- A person complained about a fuel tank above the water was spotted on the outlet. This will be looked at by the proper D&R department.
- A person complained about a person that was trying to get the geese to move by using fireworks. Mike contacted the person about this.
- The last complaint was about a poop smell. Our fearless leader checked this out and found that Porky the pig did not poop in the field, but Foghorn Leghorn, Miss Prissy and Chicken Little were guilty of pooping in the field. For everyone that likes Organic food that's the growing process. Klinger Lake is part of living in the country.

7:34 Katie Kitchen moved we adjourn, Sharon Snyder seconded the motion, all members approved and the meeting was adjourned.

Respectfully submitted,

Barbara Pancoast, Secretary KLA
