No report at this time.

### **History:**

Dick Magee's book has been printed. At this point 77 copies have been sold and the breakeven point is 160 copies. We are running low of Klinger Lake maps to sell. It was decided to print more.

### **New Business:**

We need to look into filing paperwork to apply for a weed treatment grant. Paperwork needs to be filed by November 1<sup>st</sup>.

With 31 bass tournaments so far this year it was suggested that we look into the possibility of a portable boat wash. On Oct 5<sup>th</sup> there is a class about boat washes.

Region 3 has a meeting on Sept 24<sup>th</sup> 9:30-12:30 looking into issues on in land lakes.

If anyone is interested in having their water tested it can be done for \$25. This information will be put in the next newsletter.

The DNR has been giving us updates on the repairs that will be done to the public boat launch.

Sewer lift stations are being repaired around the lake.

**Off-season activities:**

John Dresser will be reviewing our by-laws this winter.

Mary Vogt, Edgar Reihl, and Kirby Baker will work on the website to improve the payment process.

We will be able to start collecting 2023 dues at the end of this year.

The road to the boat launch is still on the schedule to be paved this year.

We need to look into The Klinger Lake Association taken off the ownership of the dam.

Mike Needham, Chris Bowers and Andy Rieth will work on RFP for Invasive Weed Treatment.

**Andy Reith moved we adjourn, Edgar Reihl seconded the motion, all members approved and the meeting was adjourned at 8:01.**

Respectfully submitted,
